

	<b>Production</b>		<b>Use</b>	
	Items that compose your product		Items consumed during the use phase	
	Item 1	Item 2	Item 1	Item 2
				
Item Purchased	Damper	Hydraulic Fluid		
Best Match Economic Sector, # and Name	#332510 Hardware Manufacturing	#324191 Petroleum Lubricating oil and grease manufacturing		
Reference Unit	1 Damper	1 Cup of fluid		
Units consumed per product life	1	1 Cup		
Cost per unit (2002)	\$55.32	\$0.50		
Lifetime Cost	\$55.32	\$0.50		
Economy-wide mtCO <sub>2e</sub> released per \$1M of output for sector	640	1840		
Implied mtCO <sub>2e</sub> per product life	0.03540	0.00092	0	0
Co <sub>2</sub> tax at \$30/mtCO <sub>2e</sub>	\$1.062144	\$0.0276	0	0
Assumptions	25 year lifetime	Hydraulic fluid does not leak and does not need to be replaced
